PRIZE COURT CONFERENCE IN GREAT BRITAIN.

Washington, D. C., Apr. 10.—Great Britain has invited the governments which participated in the last Hague conference to send experts to London whose duties shall be to formulate a code of procedure for a proposed international prize court establishment, which is provided for in treaties resulting from the Hague conference. The American government will be represented at London. This conference is regarded as informal in character, and the participation of the United States will require no legislation except perhaps a small appropriation for the expenses of the representatives.

PREPARING TO RECEIVE WAR SHIP FLEET.

San Diego, Cal., April 11.—This city is decked with colors as never before in her history in honor of the coming of the Atlantic fleet, which sets sail from Magdalena Bay at four o'clock this afternoon. Crowds of visitors are flocking into the city on every train. The fleet is to arrive on Tuesday afternoon.

AMERICAN AUTOMOBILE TO MAKE NEW START.

Valdez, Alaska, April 11.—The American automobile and its crew left today on the steamer Bertha for Seattle. After going ten miles over the trail Schuster said the depth of the snow and the chuck-holes absolutely precluded any chance of the automobile running a mile. He said he would return to Seattle and ship for Vladivostok.

Notice to Contractors.

Sealed proposals will be received by the Board of Regents of the New Mexico Military Institute up to 12 o'clock noon, the twelfth day of May, 1908, for the erection and completion of a Military Barracks, according to plans and specifications on file at the office of I. H. & W. M. Rapp Co., Architects, Trinidad, Colorado, also at the office of the Superintendent of the New Mexico Military Institute. The Board reserves the right to reject any or all bids.

MAY BE GENERAL STRIKE ON GOULD SYSTEM.

Kansas City, April 11.—Whether a general strike will be ordered on the Gould system as a result of the trouble between organized labor and the Denver & Rio Grande railroad, will be decided at a conference of delegates from the executive councils of all organizations interested to be held in New York City next week. The strike now exists in the Colorado and Utah shops of the Denver and Rio Grande.

Ralph Riggs.

This clever, eccentric comedian and his company of dancers, comedians and singers will present the three-act comedy, with music, "The College Boy," at the Majestic on Tuesday, April 14. This is the third season of "The College Boy," and from the financial prosperity it is now enjoying, it looks as if Mr. Riggs would never need another vehicle for the display of his extraordinary talents. 36tf

FIRST CLASSMEN GIVE PARTY FOR SECOND CLASSMEN.

The gymnasium of the Military Institute was the scene of a merry party last night when the first classmen of the school entertained the second classmen and their lady friends. It was the annual event of this character that has been observed for three years. The second classmen's return will probably come next week.

The gymnasium was gaily decorated for the party. The right wall was profusely ornamented with the pennants of the first class, over which were crossed sabers. On the left were the pennants of the second class, with crossed guns. At the rear of the hall in small incandescent lights of purple and white were the figures "08."

The Norvell-Croft orchestra played inspiring music, and the dancing was continued late. Punch was served all evening, and at eleven o'clock orange ice and cake were dispensed.

Mrs. Katherine Audrain Mackay's junior class gave a piano recital, assisted by Miss Nina Rabb, at the Christian church this afternoon.

INDOOR BALL GAME ON SKATES WAS A DRAW.

The High School and town baseball teams played a match game of indoor baseball on skates at the Auditorium rink last night. There were six men on each team, the out-fielders being dispensed with, and a small rubber football was used instead of the regular sphere. The players were in regular suits and the game was presided over by an umpire, Fred Meeks. It must be said that to lovers of the great American game, no indoor substitute has the interest for them of the real thing. Last night's contest resulted in a tie, 16 to 16, and was called after six innings.

NEW YORK REPUBLICANS IN STATE CONVENTION.

New York, April 11.—The assembling of the Republicans in state convention at Carnegie Hall today was attended with great interest. The preliminary program contemplated the adoption of resolutions strongly commending the administration of President Roosevelt and the state administration of Governor Hughes, and instructing the delegates at large to use every honorable means to bring about the nomination of Hughes for the presidency. The platform as drawn declares for revision of the tariff to meet existing economic conditions.

The Westchester county delegates unanimously decided to oppose in caucus the endorsement of Governor Hughes. The arrival of political leaders in the hall was unmarked by enthusiasm, though the band played strenuously. M. Lynn Bruce was introduced as temporary chairman.

After Governor Hughes' address, the convention took a recess until 3:30 p. m.

ATTORNEY GENERAL HADLEY COMING TO ROSWELL.

Mayor-elect G. A. Richardson is in receipt of a letter from Hon. Herbert S. Hadley, of Kansas City, attorney general and prospective reform Republican candidate for Governor of Missouri, stating that he will arrive in Roswell on the regular train to-night for a visit of a week or ten days. He is coming for a vacation, and part of his time probably will be spent at the ranch of the Riverside Irrigation Co., forty miles north of Roswell, which is owned largely by F. W. Plato, of Kansas City.

Entertained Telephone Employees.

Dr. and Mrs. J. B. Keaster entertained the employees of the telephone exchange and a few other friends at their home, 803 North Lea avenue, last night. A happy evening was spent dancing and playing cards, at the close of which ice cream and cake were served. Those present were Messrs. and Mesdames Frank Markl, Pearl Harpold, G. T. McQuillon and daughter, E. C. Bennett and Gail Howard; Mrs. Ella Willis, Miss Hattie Fitch, Miss Ida Shanks, Master Lloyd Bennett.

COWBOYS HAD LITTLE TROUBLE; HORSES TAME.

The wild west show given at Amusement Park yesterday afternoon was attended by a great crowd of people, most of whom were disappointed for the reason that the horses did not prove to be as wild as anticipated. The riders had no trouble to speak of in retaining their saddles, none being thrown and none losing their seats for the space of a second. Four or five of the horses and the mule pitched across the lot once or twice, but were content to let their riders remain undisturbed after that. Most of the horses preferred to run rather than pitch. The show consisted in roping the various wild horses that had been collected for the occasion and in saddling them and riding them before the grand stand. Every horse in the community that had a bad reputation was secured for the day, but none proved bad enough to throw any of the cowboys that mounted them. The riders were Ish Shields, Johnnie Wilson, Willie Babb, Raymond Meeks and Lee Drury. Wilson rode the pitching mule after taking up a special collection. This was what might be called the "concert" of the circus, being mainly a joke. Henry Russell was judge and gave the first prize for the best riding to Lee Drury and second to Shields.

Base Ball News.

The first game of base ball scheduled for Roswell is next Thursday, when Hagerman comes here to play the Military Institute. However, a game probably will be arranged for some time earlier in the week between the Institute and town teams. The Institute team will go to Amarillo the following Monday, returning Friday.

Mrs. C. H. Hale and Miss Wilson have opened a new millinery store at the old stand of the Evans boarding house, at 314 N. Richardson, with a full line of bright, stylish goods.

OHIO MINERS WILL SOON RESUME WORK.

Columbus, O., April 10.—It is probable that the 47,000 miners who are now idle in Ohio will resume work about April 15 or 16. Following the conference of miners and operators at Toledo, William Green, state president of the miners, today so declared. He added that it was very probable that the operators and miners would reach an agreement and the old wage scale that was in effect up to April 1st will be re-adopted.
